

## Lara Croft Races to Save Us All in Newest â€~Tomb Raider'

## 04.30.2018

As Lara Croft races the save the world from a Mayan apocalypse, she must become the person she's destined to be in Shadow of the Tomb Raider.

From game publisher Square Enix, Shadow completes the trilogy, which includes Tomb Raider and Rise of the Tomb Raider.

Set in Mexico and other locations throughout Latin America, in the often cinematic gameplay Croft explores underwater tunnels and crevasses, learns to use the jungle to her advantage through tactics such as camouflage, solves complicated puzzles to navigate dark tombs and uncovers a hidden city.

The game is not connected to the recently released Tomb Raider film starring Alicia Vikander.

Shadow of the Tomb Raider will be released on September 14 for PC, PlayStation 4 and Xbox One.
