

HOT SPOT: Disney Channel's 'Descendants 2'

08.04.2016

Set to premiere in 2017, Disney Channel's Descendants 2 follows the adventures of the kids of some of Disney's most-loved characters. These range from the evil -- Maleficent, Captain Hook, Ursula and Cruella de Vil -- to the good, including the children of Belle and The Beast and Cinderella and Prince Charming.Â

The Descendants, which aired on Disney Channel in 2015, was the highest-rated TV movie ever and the fifth highest-rated original movie ever on cable in total viewers, reports Variety.

ABC Entertainment Marketing and Black Label Content together created this ominous promo for the upcoming sequel.
